### WHY VOTE?

If you truly want to be the writer of your own story, you need to learn to make thoughtful choices. Voting allows you to be an active participant in your narrative by creating the life circumstances you want for yourself and the community you live in.

Supplying books to help your students understand their role as educated citizens is essential to maintaining a republic where people are free to discuss issues and act upon informed decisions. Armed with knowledge, students will have the courage to become catalysts able to improve the quality of life in their communities. They will learn how to responsibly exercise their rights, and will be able to experience the personal satisfaction of fulfilling their civic duty—experiences that are fundamental to success as a human being and as a citizen of a functioning democracy.

Perma-Bound offers the following selections to help your students write a life-story of their own choosing by using the power of the vote.
