## **When it Comes to Print, Size Really Does Matter**

Large print is beneficial to readers who have fallen behind a grade level, have ADD/ADHD, are dyslexic or who have not yet connected with reading.

The combination of a larger font and fewer words per page helps with:

- Decoding, by improving letter recognition
- Tracking, with increased line spacing to reduce eye strain
- Fluency, by allowing readers to string words together more quickly
- Comprehension, overall accuracy and speed allow for a flow to better understanding.

Thorndike Press offers current and classic titles that feature the same cover art as the original edition, are unabridged, and are commonly the same size, weight, and price. The words "large print" never appear outside of the book, reducing potential stigma.
